

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Public hearing to introduce an ordinance repealing and reenacting Chapter 20 of Title 15 of the City of Lodi Municipal Code regulating and governing fire prevention and adopting by reference code known as the "California Fire Code, Title 24, California Code of Regulations, Part 9", and the 2006 edition of the International Fire Code Standards, effective as of January 1, 2008.

MEETING DATE: October 17, 2007

PREPARED BY: Michael Pretz, Fire Chief

RECOMMENDED ACTION: Open public hearing to consider introducing ordinance to repeal and reenact Chapter 20 of Title 15 of the City of Lodi Municipal Fire Code and continue public hearing to November 7, 2007.

BACKGROUND INFORMATION: The State of California adopts codes relating to buildings, fire and life safety and associated codes on a three year cycle. California has eliminated a number of the Uniform Codes which included the Uniform Fire Code. The Uniform Fire Code has been the California adopted fire code since the early 1900s. The State of California has now joined with almost all states in adopting the International Fire Code along with the International Building Code. The International Fire Code was reviewed by fire and trade professionals from California and amendments were added or sections deleted to continue the fire and life safety provisions California has adopted in the past. This document will now become a state minimum requirement throughout California effective January 1, 2008 and will be known as the 2007 California Fire Code.

The Lodi Municipal Fire Code was evaluated and recommendations for additions, deletions, modifications and/or corrections have been made to the code to continue the guidance of our existing local ordinances with and are included in attached document "Summary of ordinances and changes".

FISCAL IMPACT: None

FUNDING AVAILABLE: None Required

SUBJECT: INFORMATION PACKET – INTERNATIONAL FIRE CODE & LODI FIRE CODE ADOPTION

The adoption of the City of Lodi Municipal Fire Code is scheduled for the City Council meeting on November 7, 2007. Contained within this document are recommendations to the California Fire Code, 2007 Edition for inclusion into the Lodi Fire Code (LMC Chapter 15.20).

I have color coded the sections to provide for an easier review of the material. The color coding is as follows:

Summary of Ordinances and Changes.....Green
Ordinance Reflecting Recommended Changes (Red)Blue
Proposed Ordinance.....Yellow

The California Fire Code and California Building Code have undergone major changes. The Uniform Fire Code and Uniform Building Code are no longer in effect and the International Fire Code and International Building Code are now the adopted code for California. The Uniform Codes have been utilized since the early 1900s. California now joins 48 other states enforcing the provisions of the International Fire and Building Codes.

The one major change is the International Codes place more weight on fire sprinklers and less on area separations. For approximately 30 years, the fire service has been creating local ordinances to the fire code with regards to fire sprinklers. The focus of the code had been to alert occupants through the installation of fire alarm system. During this period of time, the California Building and Fire Code has continued to increase the types of occupancies requiring fire sprinkler systems for fire safety as well as property conservation. The direction of California and the fire service has dictated this life safety course and will continue to stay the course.

The International Codes are a minimum requirement throughout the State of California and in conjunction with state adopted amendments and local amendments a balance to the fire and life safety needs of the citizens of Lodi is ensured.

The significant additions/modifications to the LMC are as follows:

- Increases address lettering sizes to meet International Code requirements
- Establishes illuminated addresses on new buildings
- Establishes amplification system to specific building which inhibit radio transmissions from police or fire personnel during emergency responses
- Establish maintenance and notification system for fire protection systems
- Removes local exception for 2 hour fire walls in fire sprinkler ordinance
- Establishes identification of buildings with fire protection equipment
- Establishes guidelines for indoor tire storage
- Authorizes seizure of fireworks and destroying at owners expense
- Changes enforcement provisions within fire code to utilize LMC Chapter 1.10 – Administrative Enforcement Provisions, thus creating uniformity throughout city
- Creates administrative costs for inspections for failure to appear or being unprepared
- Establishes notification system of structure fires to Community Development for required inspections and permits
- Establishes enforcement provisions for continued work after stop work order has been issued.
- Establishes fire hydrant distribution requirements

CITY OF LODI FIRE CODE

SUMMARY OF ORDINANCES AND CHANGES

October, 2007

Lodi Municipal Code Section	California Fire Code Section	Summary	New, deleted, modification or correction
15.20.060	308.3.5	Superseded by California Code of Regulations - Title 19 – Section 3.25. Carrying of hand-held candles are not allowed under any circumstance in assembly, education or institutional occupancies.	Deletion
15.20.100	505(A)	Increases address lettering sizes to meet International Code requirements	Correction
15.20.100	505(E)	Establishes requirement for addresses to be illuminated on all new buildings. Not retroactive on existing buildings	New
15.20.120	Chapter 5	Establishes amplification system as well as inspections and maintenance to building which have building components or construction that create inadequate public safety radio transmission from within the building	New
15.20.150	901.7	Establishes a maintenance system to assure notification is made when fire protection system is inoperable or being serviced and company performing work on systems be licensed	New
15.20.160	903	Removes exception to City of Lodi fire sprinkler ordinance for 2-hour firewall	Modification
15.20.170	903	Establishes identification system for indicating buildings or portions of building which fire protection system serves, thus allowing emergency responders rapid operation of equipment	New
15.20.180	903	Creates exception of fire control room for single family dwelling and duplexes which have fire sprinkler systems.	Modification
15.20.210	Chapter 25	Sets guidelines for storage of tires inside structures	New
15.20.220	Chapter 33	Authorizes fire personnel to seize fireworks and destroy at the owner's expense	New
15.20.280	Appendix Chap. 1 105.1.1	Changes enforcement to Lodi Municipal Code- Chapter 1.10 Administrative Enforcement Provisions, to create uniformity with various city departments	Modification
15.20.290	Appendix Chap. 1 105.2.2	Establishes joint approval from all effected city departments	Modification
15.20.320	Appendix Chap. 1 106.2	Establishes fee for administrative costs associated with requested inspection when requestee fails to appear or is unprepared for inspection	New
15.20.330	Appendix Chap. 1 109.2 & 109.3	Changes enforcement to Lodi Municipal Code- Chapter 1.10 Administrative Enforcement Provisions, to create uniformity with various city departments, also defines terminology, and deletes one non fire related item	New
15.20.350	Appendix Chap. 1 110	Establishes notification by fire department to occupants or owners of fire damaged structures to contact Community Development to obtain inspection and proper permits for repairs	New
15.20.360	Appendix Chap. 1 111.4	Establishes failure to comply provisions for persons who continue work after a stop work order has been issued	New
15.20.370	Appendix C C105.1	Establishes requirements for fire hydrant distribution. No changes to current city policy	New

DELETED SECTIONS (2005 Adoption)	TITLE		
15.20.060	Appeals	Covered within International Code Appendix Chapter 1 Section 108	Deleted
15.20.020	Bureau of Fire Prevention	Covered within International Code Appendix Chapter 1 Section 103.1	Deleted
15.20.070	Responsibility for Enforcement	Covered within International Code Appendix Chapter 1	Deleted
15.20.100	Violation	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.110	Criminal or Civil Penalty for Violation	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.120	Misdemeanors – Continuing Violations	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.130	Prosecution	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.140	Penalty for Infraction	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.150	Penalty for Misdemeanor	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.170	Civil Penalties	Covered within International Code Appendix Chapter 1 Section 105.3.2	Deleted
15.20.190	Expiration	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.210	Violation	Covered within International Code Appendix Chapter 1 Section 109 & Lodi Municipal Code Chapter 1.10 Administrative Enforcement Provisions	Deleted
15.20.220	Inspection Required	Covered within International Code Appendix Chapter 1 Section 105.2.2	Deleted
15.20.320	Gates or Other Structures or Devices	Covered within International Code Section 503.5 and Lodi Fire Department Standard C-01	Deleted
15.20.390	Recreational Fires	Covered within International Code Section 307.1.1	Deleted

ORDINANCE NO.

AN ORDINANCE REPEALING AND REENACTING CHAPTER 15.20 OF TITLE 15 OF THE CITY OF LODI MUNICIPAL CODE REGULATING AND GOVERNING FIRE PREVENTION AND ADOPTING BY REFERENCE A CERTAIN CODE KNOWN AS THE "CALIFORNIA FIRE CODE, TITLE 24, CALIFORNIA CODE OF REGULATIONS, PART 9", INCORPORATING THE 2006 EDITION OF THE INTERNATIONAL FIRE CODE AND THE 2006 EDITION OF THE INTERNATIONAL FIRE CODE STANDARDS, AS ADOPTED AND COMPILED BY THE INTERNATIONAL CODE COUNCIL.

THE CITY COUNCIL OF THE CITY OF LODI DOES ORDAIN AS FOLLOWS:

Section 1. That a certain document, three (3) copies of which are on file in the office of the City Clerk of the City of Lodi, being marked and designated as the California Fire Code, 2007 edition, including Chapters 3, 5 and 25 and Appendix Chapters 1, D, E, F and G, as published by the International Code Council, be and is hereby adopted as the Fire Code of the City of Lodi, in the State of California, regulating and governing the safeguarding of life and property from fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and devices, and from conditions hazardous to life and property in the occupancy of buildings and premises as herein provided; providing for the issuance of permits and collection of fees therefore; and each and all of the regulations, provisions, penalties, conditions and terms of said Fire Code on file in the City Clerks office of the City of Lodi are hereby referred to, adopted, and made a part hereof, as if fully set out in this ordinance, with the additions, insertions, deletions and changes, if any, prescribed in Section 2 of this ordinance.

Section 2. There is hereby adopted new Sections 15.20. 010 through 15.20.**380** of the Municipal Code of the City of Lodi to read in full as follows:

CHAPTER 15.20 FIRE CODE

Section:

15.20.010	Adoption
15.20.020	Enforcement
15.20.030	Definitions
15.20.040	Findings and filings
15.20.050	Open burning
15.20.060	Religious ceremonies
15.20.070	Pallets, palletized packing boxes and bin boxes
15.20.080	Dimensions – Fire Lanes
15.20.090	Surfaces – Fire Lanes

15.20.100	Premises identification
15.20.110	Hazardous materials management plan box
15.20.120	Public safety radio building amplification system
15.20.130	Gas Meters - Gas service identification
15.20.140	Electrical disconnect
15.20.150	System maintenance – fire protection equipment
15.20.160	Automatic fire extinguishing systems
15.20.170	Sprinkler coverage identification
15.20.180	Fire control room
15.20.190	Fire alarm certification
15.20.200	Opening burning - construction sites
15.20.210	Inside tire storage
15.20.220	Seizure of fireworks
15.20.230	Limits explosive and blasting agents
15.20.240	Manufacturing of fireworks
15.20.250	Locations where aboveground tanks are prohibited – Class I & II liquids
15.20.260	Contract inspector
15.20.270	Fire investigators
15.20.280	Permit fees
15.20.290	Inspection authorized
15.20.300	Revocation
15.20.310	Permits required
15.20.320	Administrative costs - Inspections
15.20.330	Administrative enforcement provisions
15.20.340	Abatement of hazard by fire code official
15.20.350	Structural fires.
15.20.360	Failure to comply
15.20.370	Distribution of fire hydrants
15.20.380	Changes or modifications

15.20.010 Adoption

The provisions set forth in that portion of the State Building Standards Code that imposes substantially the same requirements as are contained in the International Fire Code, 2006 Edition published by the International Code Council, Inc. and California Building Standards Commission with errata, together with those portions of the International Fire Code, 2006 Edition, including Appendixes, The International Fire Code Standards, 2006 Edition, as amended by the International Fire Code Standards, 2006 Edition, published by the International Code Council, Inc., not included in the State Building Standards Code, as modified and amended by this Chapter , are adopted as the Fire Code of the City of Lodi. The Fire Code of the City shall apply in all matters pertaining to storage, handling and use of hazardous substances, materials and devices; and to conditions hazardous to life and property in the use or premises within the City.

15.20.020 Enforcement

Peace officers and persons employed in such positions are authorized to exercise the authority provided in California Penal Code Section 836.5 and are authorized to issue citations for violation of this Chapter. The following designated employee positions may enforce the provisions of this Chapter by issuance of citations. The designated employee positions are: the City Manager or his or her duly authorized representative, the Fire Chief, the Fire Marshal, Fire Inspectors and all sworn members of the fire department

15.20.030 Definitions

- a) Whenever the words “International Fire Code” is used in this Chapter, it shall mean the California Fire Code, Title 24, California Code of Regulations, Part 9, incorporating the 2006 Edition of the International Fire Code.
- b) Whenever the word “municipality” is used in the International Fire Code, it shall mean the City of Lodi.
- c) Whenever the words “Chief” or “Fire Code Official” are used in the International Fire Code, they shall mean the Fire Chief or his/her designated representative.

15.20.040 Findings and filings

The findings of facts in accordance with Health and Safety Code Section 17958.5, are filed separately with the California Building Standards Commission and Lodi City Clerk’s Office.

15.20.050 Open burning

Section 307.1 of the California Fire Code is hereby amended to read as follows:

A person shall not kindle or authorize to be kindled or maintain any outdoor burning within the limits of the City of Lodi, except that this section shall not prohibit those fires that are approved by the Fire Code Official for the following purposes:

- a. The prevention of a fire hazard that cannot be evaded by any other means.
- b. The instruction of public employees in the methods of fighting fire.
- c. The instruction of employees in the methods of fighting fire, when such fire is set, pursuant to permit, on property used for industrial purposes.

- d. The setting of backfires necessary to save life or valuable property pursuant to section 4462 of the Public Resource Code.
- e. The abatement of fire hazards pursuant to Section 13055 of the Health and Safety Code.
- f. Disease or pest prevention, where there is an immediate need for and no reasonable alternative to burning.

Nothing in this section shall be construed as prohibiting open outdoor fires used only for cooking food for human consumption where such use is accomplished in an approved fireplace or barbecue pit, or for recreational purposes in areas approved by the Fire Code Official, provided that the combustible is clear dry wood or charcoal. Approval shall be in accordance with Section 307.1.1 – 307.5 of the California Fire Code.

15.20.060 Religious ceremonies

Section 308.3.5 of the California Fire Code is hereby deleted:

Title 19 of the California Code of Regulations – Public Safety - Section 3.25 (b) supersedes this section thereby making the carrying of hand-held candles illegal.

15.20.070 Pallets, palletized packing boxes and bin boxes

Section 315 of the California Fire Code is hereby amended to add the following:

A permit shall be required to store pallets, palletized packing boxes or bin boxes in excess of 30,000 board feet, in accordance with the following restrictions.

Pallets, palletized packing boxes and bin boxes shall be piled with due regard to stability of piles and in no case higher than 12 feet. Where pallets are piled next to a property line, the distance from the property line shall not be less than one half the pile height and in no case less than 5 feet from the property line.

Exception: Bin boxes may be stacked to a maximum height of 20 feet.

Driveways between and around pallets, bin boxes and palletized packing boxes shall be a minimum of 15 feet wide and maintained free from accumulations of rubbish, weeds, machinery or other articles that would block access or add to the fire hazard. Driveways shall be spaced so a maximum grid of storage is no more than 50 feet by 50 feet.

Pallets, palletized packing boxes, and bin boxes, operating under a permit, shall be enclosed by a suitable fence of at least 6 feet in height, unless storage is in a building.

An approved water supply and fire hydrants capable of supplying the required fire flow shall be provided within 150 feet of all portions of the storage areas in accordance with Section 508, California Fire Code and Lodi Municipal Code 15.20.370.

For permitting purposes one pallet will be calculated as having 25 board feet and palletized packing boxes and bin boxes will be calculated based on average board feet per box.

15.20.080 Dimensions.

Section 503.2.1 of the California Fire Code is hereby amended to read as follows:

Fire apparatus access roads shall have an unobstructed width of not less than 24 feet, except for approved security gates in accordance with Section 503.6 of the California Fire Code and an unobstructed vertical clearance of not less than 13 feet 6 inches.

15.20.090 Surface.

Section 503.2.3 of the California Fire Code is hereby amended to read as follows:

Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall provide a permanent surface of asphalt or concrete installed the full width of all streets, cul-de-sacs and fire lanes.

15.20.100 Premise Identification

Section 505.1 of the California Fire Code is hereby amended to read as follows:

A. Address numbers.

New and existing buildings shall have approved address numbers, building numbers or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.

The approved minimum size dimensions of the numbers shall be as specified by Table 1.

Where a building is set back from the street or road fronting the property and where addresses may not be clearly identifiable due to distance from the street or roadway, landscape and architectural appendages, or other obstructions,

address posting shall be required both at the street driveway serving such building and on the building.

Table 1	
Distance to Building address measured from back of walk.	Size Height
25 Feet	4 inches
26-40 Feet	6 inches
41-55 Feet	9 inches
Over 55 Feet	12 inches

B. Address numbers – rear.

Any business or apartment building which affords vehicular access to the rear through a driveway, alley way or parking lot, shall also display approved identification or address numbers on the rear of the building for such business or apartment building in a location approved by the Fire Code Official.

C. Address Numbers – multiple dwelling units.

An approved diagram of the premises which clearly indicates all individual addresses of each unit in the complex shall be erected at the entrance driveways to every multiple dwelling complex having more than one building on the premises or when required by the Fire Code Official.

In addition, the Fire Code Official may require that individual buildings on the premises be identified in an approved manner.

D. Premises identification - multiple buildings.

An approved identification of multiple buildings within an industrial complex shall be required which clearly indicates each individual building in the complex. Identification shall be placed on each building in a size and location, when required by the Fire Code Official, and be visible for responding emergency personnel in an approved manner.

E. Address numbers - illumination.

Addressing shall be illuminated at night in all new buildings. Signs shall be internally or externally illuminated. When the luminance or the face of a sign is from an external source, it shall have an intensity of not less than 5.0 foot-candles. Internally illuminated signs shall provide equivalent luminance.

15.20.110 Hazardous materials management plan box

Section 506.3 of the California Fire Code is hereby amended to add the following:

When a business which handles hazardous materials is required to complete a Hazardous Materials Management Plan (HMMP), the Fire Code Official may require the installation of a secured box at the primary facility entrance or the fire control room which contains a copy of the Hazardous Materials Management Plan. This box shall be waterproof and capable of holding the document in a rolled condition without folding. Other characteristics of the box shall be approved by the Fire Code Official.

Businesses which handle acutely hazardous material as defined in Section 25532 of the Health and Safety Code shall install a Hazardous Material Management Plan Box in accordance with this section.

15.20.120 Public safety radio building amplification system.

Chapter 5 (Fire Service Features) of the California Fire Code is hereby amended to add the following:

A. Requirement for approved emergency responder radio coverage in buildings.

All buildings shall have approved indoor radio coverage for emergency responders. Except as otherwise provided, no person shall erect, construct, change the use of or provide an addition of more than 20 percent to, any building or structure or any part thereof, or cause the same to be done which fails to support adequate radio coverage for the City of Lodi radio communications system. Determining the existence of approved radio coverage and the correction of any deficiencies shall be the responsibility of the building owner. Existing buildings, buildings of one or two single family dwellings, or those below minimum areas as determined by the fire code official may be exempted from this requirement by the Fire Code Official.

B. Approved Radio Coverage. Approved radio coverage shall conform to the current standards of the Lodi Fire Department. These standards shall define the acceptable indoor signal levels to provide 90% reliability of the Lodi Public Safety Radio System inside structures. The fire code official may determine exceptions and additions to these standards as required to protect the integrity of the public safety radio system and provide acceptable signal levels in structures critical to public health and safety.

C. Indoor Public Safety Radio Enhancement Systems. If required by this code, any indoor public safety radio enhancement system must comply with current standards set by the Lodi Fire Department, and the regulations of the Federal Communications Commission. Systems shall be inspected, maintained, and modified as necessary to provide approved emergency responder radio coverage. If changes in FCC regulations or modifications to the Lodi Public Safety Radio System require modifications to a public

safety radio enhancement system, the building owner shall make necessary changes to conform to the existing standard.

15.20.130 Gas Meters - Gas service identification

Section 603.9 of the California Fire Code is hereby amended to add the following:

All buildings providing natural gas service through more than one (1) service meter or through multiple service connections shall have individual gas shutoffs identified in a manner approved by the Fire Chief indicating areas or units served.

15.20.140 Electrical disconnect

Section 605 of the California Fire Code is hereby amended to add the following:

All buildings constructed after July 1, 2005, shall have main electrical shut off accessible to the exterior of the structure. This may be accomplished by placing the shut off on the building exterior, an electrical room with a door leading directly to the exterior or a remote electrical (shunt) switch on the building exterior. Breakaway locks are allowable for security.

15.20.150 System maintenance – fire protection equipment.

Section 901.7 of the California Fire Code is hereby amended to add the following:

All individuals or companies installing, repairing, testing, servicing or maintaining sprinkler systems, fire hydrant systems, standpipes, fire alarm systems, portable fire extinguishes, smoke and heat ventilators, smoke-removal systems and other fire protection or extinguishing systems or appliances shall be a fire protection contractor or contractor licensed for said work by the State of California or have the appropriate license required by the California State Fire Marshal's Office or both.

The authority having jurisdiction shall be notified immediately when a fire protection or detection system or portion thereof is found inoperable.

The authority having jurisdiction shall be notified in writing within 72 hours by the person performing repairs, testing, or maintenance when a fire protection or detection system is not in compliance with applicable codes.

When changes involve shutting off water for a considerable number of sprinklers for more than 4 hours, temporary water supply connections shall be made to sprinkler systems so that reasonable protection can be maintained. Protection shall be restored

each night in so far as possible. The Fire Code Official may require a fire watch while any system is inoperative.

When shorts, failures or other interruptions of service occur within a building's fire alarm system that connects to an approved alarm service provider's Type A (listed) Central Station or is a local alarm only, the Fire Code Official may require the system to be disconnected or shunt out the private fire alarm system and/or circuit. When shorts, failures, or other interruption of service occur within a building's fire alarm system that connects to an approved alarm service provider's Type A (listed) Central Station, the Fire Code Official may require the system to be repaired and written notification to be provided to the Fire Code Official before he or she responds to alarms generated by the system.

Where alarm system(s) are wholly or partially out of service for more than 8 hours, the alarm company having responsibility shall notify the fire dispatch center.

15.20.160 Automatic fire extinguishing systems

Section 903 of the California Fire Code is hereby amended to add the following:

In addition to the requirements specified in Section 903 of the California Fire Code, an automatic sprinkler system shall be installed throughout and maintained in an operable condition regardless of the installation of area separation walls in the following building:

- (1) Every building hereafter constructed in which the total floor area is 6,000 square feet or more.
- (2) Every building hereafter constructed of three or more stories as defined in the Uniform Building Code.
- (3) Every building hereafter in which the square footage existing as of September 1, 1997 is increased by 50% and the total square footage of the building exceeds 6,000 square feet.

Exception:

1. **Group R, Division 3** occupancies.

15.20.170 Sprinkler coverage identification

Section 903 of the California Fire Code is hereby amended to add the following:

When required by the Fire Code Official, approved signs shall identify the building(s) or portions of building(s) served by a fire department connection and/or riser.

15.20.180 Fire control room

Section 903 of the California Fire Code is hereby amended to add the following:

An approved fire control room shall be provided for all buildings protected by an automatic fire extinguishing system. Existing buildings installing automatic fire extinguishing system shall have a fire control room added unless approved by the Fire Code Official or his/her designee for good cause. Fire control room shall contain all system control valves, fire alarm control panels and other fire equipment required by the Fire Code Official. Fire control rooms shall be located within the building at a location approved by the Fire Code Official, and shall be provided with a means to access the room directly from the exterior. Durable signage shall be provided on the exterior side of the access door to identify the fire control room.

EXCEPTION: Group R, Division 3 occupancies.

15.20.190 Fire alarm certification

Section 907.15 of the California Fire Code is hereby amended to add the following:

The permittee shall provide a serially numbered certificate from an approved nationally recognized testing laboratory for all required fire alarm systems indicating that the system has been installed in accordance with the approved plans and specifications and meets National Fire Protection Association Standards. Certification shall be required for all new systems to be installed after July 1, 2003. All existing systems must obtain certification in a timely manner, as approved by the Fire Code Official. A copy of the certification shall be provided to the Fire Code Official at no cost.

15.20.200 Open burning - construction sites.

Section 1404.3 of the California Fire Code is hereby amended to add the following:

No fire shall be permitted to burn on any construction site for any purpose. This section is not intended to prohibit the use of devices or tools producing a flame when used in an approved manner and necessary for the construction of the building.

15.20.210 Inside tire storage

Chapter 25 (Tire Rebuilding and Tire Storage) of the California Fire Code is hereby amended to add the following:

Inside tire storage shall be in accordance with the following requirements.

Tires stored on side walls shall not be higher than six feet. Tires stored in a lace pattern shall not be higher than 5 feet. A minimum of 3 feet of clearance from tire storage racks shall be maintained in all directions to roof structure, sprinkler deflectors, unit heaters, supply and return air duct registers, lighting fixtures, electrical outlets or any other producing device. On-tread storage piles, regardless of storage needs, shall not exceed 25 feet in the direction of the wheel holes. On-floor, on-tread storage shall not exceed 5 feet in height. The width of the main aisles between piles shall not be less than 8 feet. Any aisle other than the main aisles shall not be less than 4 feet in width.

Definitions:

On-side storage: Tires stored horizontally or flat.

On-tread storage: Tires stored vertically or on their treads.

Laced storage: Tires stored where the sides of the tires overlap, creating a woven or laced appearance.

15.20.220 Seizure of fireworks

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The Fire Code Official is authorized to seize, take, remove or cause to be removed at the expense of the owner all stocks of fireworks offered or exposed for sale, stored or held in violation of local, state, or federal regulations.

15.20.230 Limits explosive and blasting agents.

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The storage of explosives and blasting agents is prohibited within the City limits, except in areas zoned **M-2** as such zone is defined in the zoning regulations of the City.

15.20.240 Manufacturing of fireworks

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The manufacture of fireworks within the limits of the City of Lodi is prohibited.

15.20.250 **Locations where aboveground tanks are prohibited – Class I & II liquids**

Section 3404.2.9.5.1 of the California Fire Code is hereby amended to read as follows:

Storage of Class I and Class II liquids in aboveground tanks outside of buildings is prohibited within the limits of the City of Lodi except areas zoned **IP, M-1 and M-2** as such zones are defined in the zoning regulations of the City of Lodi.

15.20.260 **Contract inspector**

Appendix Chapter 1 - Section 104.7 of the California Fire Code is hereby amended to add the following:

The Fire Code Official may require the owner or the person in possession or control of the building or premise to provide, without charge to the fire department, a special inspector (“Contract Inspector”), when the department requires technical expertise for assistance to conduct the required inspections.

The Contract Inspector shall be a qualified person who shall demonstrate his/her competence to the satisfaction of the Fire Code Official, for inspection of a particular type of construction, operation, fire extinguishing or detection system or process.

Duties and responsibilities of the Contract Inspector shall include but not be limited to the following:

1. The Contract Inspector shall observe the work assigned for conformance with the approved design drawing and specifications.
2. The Contract Inspector shall furnish inspection reports to the Fire Code Official, Building Official and other designated persons as required by the Fire Code Official. All discrepancies shall be brought to the immediate attention of the contractor for correction, then if uncorrected, to the proper design authority, Fire Code Official, and to the building official.
3. The Contract Inspector shall submit a final signed report stating whether the work requiring inspection was, to the best of his/her knowledge, in conformance with the approved plans and specifications and the applicable workmanship provision of this code.

15.20.270 **Fire investigators**

Appendix Chapter 1 - Section 104.10 of the California Fire Code is hereby amended to add the following:

All sworn members assigned to the Fire Prevention Bureau or Fire Investigation Unit are hereby assigned as Fire Investigators and as such shall enforce the provisions of the California Penal Code as it pertains to fire and arson investigations.

15.20.280 Permit fees

Appendix Chapter 1 - Section 1045.1.1 of the California Fire Code is hereby amended to add the following:

The fee for each permit shall be as set forth from time to time by resolution of the Lodi City Council. The City may establish fees sufficient to recover its costs in administering this Code. No permit shall be issued until such fees have been paid, and administrative citations may be issued to persons violating this Code by the persons allowed to issue citations **as stated in Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions.**

15.20.290 Inspection authorized

Appendix Chapter 1 - Section 105.2.2 of the California Fire Code is hereby amended to read as follows:

Before a new operational permit is approved, the Fire Code Official is authorized to inspect the receptacles, vehicles, buildings, devices, premises, storage spaces or areas to be used to determine compliance with this Code or any operational constraints required. **Instances where laws or regulations are enforced by departments other than the fire department, joint approval shall be obtained from all departments concerned.**

No final inspection under this Code, as to all or any portion of the development, shall be deemed completed and no certificate of occupancy shall be issued unless and until the requirements imposed by this Code have been completed and the final approval thereof, by the Fire Department, has been given as provided herein and all plan reviews and inspection fees paid.

15.20.300 Revocation

Appendix Chapter 1 - Section 105.5 of the California Fire Code is hereby amended to add the following:

The Fire Code Official further shall have the power to revoke, suspend, or deny the granting of any permit required pursuant to the provision of this Code for any of the following reasons:

- (a) When deemed necessary for the protection of life, limb, or property; or

- (b) For changing the occupancy, equipment, materials, processes, or other conditions in such a manner as to create a greater danger of fire or explosion or less protection than was present at the time of the issuance of such permits.

15.20.310 Permits required

Appendix Chapter 1 - Section 105.6 of the California Fire Code is hereby amended to add the following:

Christmas Tree Lots. A permit issued by the Fire Code Official is required to operate a Christmas Tree Lot with or without flame proofing services.

Haunted Houses. A permit issued by the Fire Code Official is required to operate a temporary or permanent haunted house.

Special Events. A permit issued by the Fire Code Official is required to conduct a special event that is not otherwise listed in this Code and in the opinion of the Fire Code Official or his or her designee poses a fire or life safety concern to the public.

15.20.320 Administrative costs - inspections.

Appendix Chapter 1 - Section 106.2 of the California Fire Code is hereby amended to add the following:

When a test or inspection is scheduled and the contractor fails to perform to the satisfaction of the authority having jurisdiction, the authority having jurisdiction may bill the contractor for actual time spent traveling to and from the test/inspection location and the time spent at the test/inspection site as well as administrative costs.

15.20.330 Administrative enforcement provisions

Appendix Chapter 1 - Section 109.2 and 109.3 of the California Fire Code is hereby amended to read as follows:

Notices of violation, citation or penalties shall comply with Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions with the following terminology changes or deletions wherever stated in Chapter 1.10.

- (a) Whenever the word “Community Improvement Officer” is used, it shall mean the Fire Code Official.
- (b) Whenever the word “Department of Public Safety” is used, it shall mean the Lodi Fire Department.
- (c) Whenever the word “Community Development Director” or “Director” is used, it shall mean the Fire Chief or his designee.

- (d) Whenever the word “Uniform Codes” is used, it shall mean the International Codes.
- (e) Section 1.11.260E is not applicable to the provisions of this chapter, (Community Awareness and Responsibility Education Classes) as it pertains to residential dwellings.

15.20.340 Abatement of hazard by fire code official

Appendix Chapter 1 - Section 109 of the California Fire Code is hereby amended to add the following:

If any person fails to comply with the orders of the Fire Code Official, or if the Fire Code Official is unable to locate the owner, operator, occupant or other person responsible within a reasonable time, the Fire Code Official or his or her authorized representative may take such steps as are necessary to abate the hazard for the protection of the public health and safety. No event notice is necessary before abatement, when the hazard is a clear and present danger to the public welfare. All costs related to such abatement shall become a lien or special assessment on the subject property.

15.20.350 Structural fires.

Appendix Chapter 1 - Section 110 of the California Fire Code is hereby amended to add the following:

The Chief Officer at the scene shall attempt to notify all occupants or owners of structures, which have suffered damage by fire, that such structures or buildings must be inspected before any repairs thereof are made. A permit covering the structural, electrical and plumbing repairs shall be obtained from the City of Lodi Community Development Department. The Chief Officer shall report all such structural fires to the Chief Building Official or his/her designee within twenty-four hours after the occurrence of such fire.

15.20.360 Failure to comply

Appendix Chapter 1 - Section 111.4 of the California Fire Code is hereby amended to add the following:

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable to a fine of not less than that stated in Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions.

15.20.370 Distribution of fire hydrants

Appendix C - Section C105.1 of the California Fire Code is hereby amended to read as follows:

Private fire hydrants and public off site fire hydrants shall be spaced with the maximum distances as specified by Table 2.

Table 2	
Zoning Type	Maximum Spacing
Commercial, high density, industrial or high-value	300 feet
Low Density Residential	500 feet
Residential Reverse Frontage	1000 feet

Hydrants shall be required on both sides of the street whenever one or more of the following conditions exist:

1. Streets have median center dividers that make access to hydrants difficult, cause time delays, or create undue hazard or both.
2. On major arterials when there is more than four lanes of traffic
3. Width of street in excess of 88 feet
4. The existing street being widened or having a raised median center divider in the future pursuant to the General Plan Roadway Improvements Plans for the City of Lodi.

15.20.380 Changes or modifications

In accordance with Health and Safety Code Section 17958.5, the adoption of amendments more restrictive than the requirements contained in the provisions published in the California Building Standard Code, are needed because of local conditions, as specified below:

(A) Climatic

(1) Conditions

Precipitation averages 18 inches per year, and can reach as high as 35 inches per year. Virtually all of the rain occurs during the months of October through April. The remaining months receive little or no rain. Temperatures during the summer months can reach as high as 110 and City of Lodi averages 19 days over 100 each year. Relative humidity during these summer months is very low. Lodi averages 34 days of dense fog per year, and has had as many as 64 foggy days.

(2) Impacts

The generally dry, hot summer months create extreme fire conditions. Adding to this situation is the dryness and combustibility of many structures during the summer, especially true of structures with wood siding and roofs constructed of wood shakes and shingles. The cyclical uncertainty that allow weather events can cause rapid melting of the snow pack which causes flood potential in areas surrounding the Mokelumne River. The foggy conditions can inhibit the dispatch and timeliness of emergency equipment reaching the site of a fire. During foggy periods it is common place for visibility to be near zero, which results in emergency equipment having to decrease their speed to less than 25 miles per hour.

(B) Geographic

(1) Conditions

The City of Lodi is subject to ground tremors from seismic events as the County is in seismic Zone 3. The Mokelumne River, which borders the northern city limits, is subjected to flood potential and its levies are subject to failure from seismic activity or high water.

(2) Impacts

The geologic conditions in San Joaquin County in general, and the City of Lodi, in particular, have the potential of restricting access to structures, especially in remote or isolated areas. A moderate earthquake or extended periods of rain can impact local access roads.

(C) Topographic

(1) Conditions

The City of Lodi consists mainly of the San Joaquin Valley floor. The valley floor is typically flat land area bisected by intermittent and year round stream and river systems. Much of the valley floor is irrigated agriculture. Low land areas protected by a complex and extensive levee system characterize the Delta area. Union Pacific Railroad Tracks bisect the eastern and western portions of Lodi as well as Highway 99 creating traffic congestion and emergency response delays.

(2) Impacts

The valley floor is frequently subject to both general and localized flooding. Because the area is so flat and low, it is not unusual for local drainage systems to be inadequate during heavy rain periods. This condition can isolate areas where roads are flooded and

thereby block access. With the OSHA “two-in two-out” rule requiring two fire fighters ready to make attack only when two others are present, the potential delay in east-west response increases the risk to firefighter and the public.

While it is clearly understood that the adoption of such amendments may not prevent the incidence of fire, the implementation of these various amendments to the code attempt to reduce the severity and potential loss of life, property and protection of the environment.

Section 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed insofar as such conflict may exist

Section 4. That if any section, subsection, sentence, clause or phrase of this ordinance is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The City of Lodi hereby declares that it would have passed this ordinance, and each section, subsection, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses and phrases be declared unconstitutional.

Section 5. That nothing in this ordinance or in the Fire Code hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 4 of this ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this ordinance.

Section 6. That the City Clerk is hereby ordered and directed to cause this ordinance to be published. This ordinance shall be published one time in “Lodi News Sentinel,” a newspaper of general circulation printed and published in the City of Lodi.

Section 7. That this ordinance and the rules, regulations, provisions, requirements, orders and matters established and adopted hereby shall take effect effective January 1, 2008, a date which is at least thirty (30) days after the passage of this ordinance.

Approved this [redacted] day of [redacted], 2007

Bob Johnson
Mayor

Attest:

Randi Johl
City Clerk

State of California
County of San Joaquin, ss.

I, Randi Johl, City Clerk of the City of Lodi, do hereby certify that Ordinance No. [REDACTED] was introduced at a regular meeting of the City Council of the City of Lodi held October 17, 2007, and was thereafter passed, adopted and ordered to print at a regular meeting of said Council held [REDACTED], by the following vote:

Ayes: Council Members –

Noes: Council Members –

Absent: Council Members –

Abstain: Council Members –

I further certify that Ordinance No. [REDACTED] was approved and signed by the Mayor on the date of its passage and the same has been published pursuant to law.

Randi Johl
City Clerk

Approved as to form

Janice D. Magdich
Deputy City Attorney

ORDINANCE NO. _____

AN ORDINANCE REPEALING AND REENACTING CHAPTER 15.20 OF TITLE 15 OF THE CITY OF LODI MUNICIPAL CODE REGULATING AND GOVERNING FIRE PREVENTION AND ADOPTING BY REFERENCE A CERTAIN CODE KNOWN AS THE "CALIFORNIA FIRE CODE, TITLE 24, CALIFORNIA CODE OF REGULATIONS, PART 9", INCORPORATING THE 2006 EDITION OF THE INTERNATIONAL FIRE CODE AND THE 2006 EDITION OF THE INTERNATIONAL FIRE CODE STANDARDS, AS ADOPTED AND COMPILED BY THE INTERNATIONAL CODE COUNCIL.

=====

THE CITY COUNCIL OF THE CITY OF LODI DOES ORDAIN AS FOLLOWS:

Section 1. That a certain document, three (3) copies of which are on file in the office of the City Clerk of the City of Lodi, being marked and designated as the California Fire Code, 2007 edition, including Chapters 3, 5 and 25 and Appendix Chapters 1, D, E, F and G, as published by the International Code Council, be and is hereby adopted as the Fire Code of the City of Lodi, in the State of California, regulating and governing the safeguarding of life and property from fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and devices, and from conditions hazardous to life and property in the occupancy of buildings and premises as herein provided; providing for the issuance of permits and collection of fees therefore; and each and all of the regulations, provisions, penalties, conditions and terms of said Fire Code on file in the City Clerks office of the City of Lodi are hereby referred to, adopted, and made a part hereof, as if fully set out in this ordinance, with the additions, insertions, deletions and changes, if any, prescribed in Section 2 of this ordinance.

Section 2. There is hereby adopted new Sections 15.20.010 through 15.20.380 of the Municipal Code of the City of Lodi to read in full as follows:

**CHAPTER 15.20
FIRE CODE**

Section:

15.20.010	Adoption
15.20.020	Enforcement
15.20.030	Definitions
15.20.040	Findings and filings
15.20.050	Open burning
15.20.060	Religious ceremonies
15.20.070	Pallets, palletized packing boxes and bin boxes
15.20.080	Dimensions – Fire Lanes
15.20.090	Surfaces – Fire Lanes
15.20.100	Premises Identification
15.20.110	Hazardous materials management plan box
15.20.120	Public safety radio building amplification system
15.20.130	Gas Meters - Gas service identification
15.20.140	Electrical disconnect
15.20.150	System maintenance – fire protection equipment
15.20.160	Automatic fire extinguishing systems
15.20.170	Sprinkler coverage identification
15.20.180	Fire control room
15.20.190	Fire alarm certification
15.20.200	Opening burning - construction sites
15.20.210	Inside tire storage

15.20.220	Seizure of fireworks
15.20.230	Limits explosive and blasting agents
15.20.240	Manufacturing of fireworks
15.20.250	Locations where aboveground tanks are prohibited – Class I & II liquids
15.20.260	Contract inspector
15.20.270	Fire investigators
15.20.280	Permit fees
15.20.290	Inspection authorized
15.20.300	Revocation
15.20.310	Permits required
15.20.320	Administrative costs - Inspections
15.20.330	Administrative enforcement provisions
15.20.340	Abatement of hazard by fire code official
15.20.350	Structural fires.
15.20.360	Failure to comply
15.20.370	Distribution of fire hydrants
15.20.380	Changes or modifications

15.20.010 Adoption

The provisions set forth in that portion of the State Building Standards Code that impose substantially the same requirements as are contained in the International Fire Code, 2006 Edition published by the International Code Council, Inc. and California Building Standards Commission with errata, together with those portions of the International Fire Code, 2006 Edition, including Appendixes, The International Fire Code Standards, 2006 Edition, as amended by the International Fire Code Standards, 2006 Edition, published by the International Code Council, Inc., not included in the State Building Standards Code, as modified and amended by this Chapter, are adopted as the Fire Code of the City of Lodi. The Fire Code of the City shall apply in all matters pertaining to storage, handling and use of hazardous substances, materials and devices; and to conditions hazardous to life and property in the use or premises within the City.

15.20.020 Enforcement

Peace officers and persons employed in such positions are authorized to exercise the authority provided in California Penal Code Section 836.5 and are authorized to issue citations for violation of this Chapter. The following designated employee positions may enforce the provisions of this Chapter by issuance of citations. The designated employee positions are: the City Manager or his or her duly authorized representative, the Fire Chief, the Fire Marshal, Fire Inspectors and all sworn members of the fire department

15.20.030 Definitions

- a) Whenever the words "International Fire Code" is used in this Chapter, it shall mean the California Fire Code, Title 24, California Code of Regulations, Part 9, incorporating the 2006 Edition of the International Fire Code.
- b) Whenever the word "municipality" is used in the International Fire Code, it shall mean the City of Lodi.

- c) Whenever the words “Chief” or “Fire Code Official” is used in the International Fire Code, they shall mean the Fire Chief or his/her designated representative.

15.20.040 Findings and filings

The findings of facts in accordance with Health and Safety Code Section 17958.5 are filed separately with the California Building Standards Commission and Lodi City Clerk’s Office.

15.20.050 Open burning

Section 307.1 of the California Fire Code is hereby amended to read as follows:

A person shall not kindle or authorize to be kindled or maintain any outdoor burning within the limits of the City of Lodi, except that this section shall not prohibit those fires that are approved by the Fire Code Official for the following purposes:

- a. The prevention of a fire hazard that cannot be evaded by any other means.
- b. The instruction of public employees in the methods of fighting fire.
- c. The instruction of employees in the methods of fighting fire, when such fire is set, pursuant to permit, on property used for industrial purposes.
- d. The setting of backfires necessary to save life or valuable property pursuant to section 4462 of the Public Resource Code.
- e. The abatement of fire hazards pursuant to Section 13055 of the Health and Safety Code.
- f. Disease or pest prevention, where there is an immediate need for and no reasonable alternative to burning.

Nothing in this section shall be construed as prohibiting open outdoor fires used only for cooking food for human consumption where such use is accomplished in an approved fireplace or barbecue pit, or for recreational purposes in areas approved by the Fire Code Official, provided that the combustible is clear dry wood or charcoal. Approval shall be in accordance with Section 307.1.1 – 307.5 of the California Fire Code.

15.20.060 Religious ceremonies

Section 308.3.5 of the California Fire Code is hereby deleted:

Title 19 of the California Code of Regulations – Public Safety - Section 3.25 (b) supersedes this section thereby making the carrying of hand-held candles illegal.

15.20.070 Pallets, palletized packing boxes and bin boxes

Section 315 of the California Fire Code is hereby amended to add the following:

A permit shall be required to store pallets, palletized packing boxes or bin boxes in excess of 30,000 board feet, in accordance with the following restrictions.

Pallets, palletized packing boxes and bin boxes shall be piled with due regard to stability of piles and in no case higher than 12 feet. Where pallets are piled next to a property line, the distance from the property line shall not be less than one half the pile height and in no case less than 5 feet from the property line.

Exception: Bin boxes may be stacked to a maximum height of 20 feet.

Driveways between and around pallets, bin boxes and palletized packing boxes shall be a minimum of 15 feet wide and maintained free from accumulations of rubbish, weeds, machinery or other articles that would block access or add to the fire hazard. Driveways shall be spaced so a maximum grid of storage is no more than 50 feet by 50 feet.

Pallets, palletized packing boxes, and bin boxes, operating under a permit, shall be enclosed by a suitable fence of at least 6 feet in height, unless storage is in a building.

An approved water supply and fire hydrants capable of supplying the required fire flow shall be provided within 150 feet of all portions of the storage areas in accordance with Section 508, California Fire Code and Lodi Municipal Code 15.20.370.

For permitting purposes one pallet will be calculated as having 25 board feet and palletized packing boxes and bin boxes will be calculated based on average board feet per box.

15.20.080 Dimensions – fire lanes

Section 503.2.1 of the California Fire Code is hereby amended to read as follows:

Fire apparatus access roads shall have an unobstructed width of not less than 24 feet, except for approved security gates in accordance with Section 503.6 of the California Fire Code and an unobstructed vertical clearance of not less than 13 feet 6 inches.

15.20.090 Surface – fire lanes

Section 503.2.3 of the California Fire Code is hereby amended to read as follows:

Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall provide a permanent surface of asphalt or concrete installed the full width of all streets, cul-de-sacs and fire lanes.

15.20.100 Premises Identification

Section 505.1 of the California Fire Code is hereby amended to read as follows:

A. Address Numbers.

New and existing buildings shall have approved address numbers, building numbers or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.

The approved minimum size dimensions of the numbers shall be as specified by Table 1.

Where a building is set back from the street or road fronting the property and where addresses may not be clearly identifiable due to distance from the street or roadway, landscape and architectural appendages, or other obstructions, address posting shall be required both at the street driveway serving such building and on the building.

Table 1	
Distance to Building address measured from back of walk.	Size Height
25 Feet	4 inches
26-40 Feet	6 inches
41-55 Feet	9 inches
Over 55 Feet	12 inches

B. Address numbers – rear.

Any business or apartment building which affords vehicular access to the rear through a driveway, alley way or parking lot, shall also display approved identification or address numbers on the rear of the building for such business or apartment building in a location approved by the Fire Code Official.

C. Address numbers - multiple dwelling units.

An approved diagram of the premises which clearly indicates all individual addresses of each unit in the complex shall be erected at the entrance driveways to every multiple dwelling complex having more than one building on the premises or when required by the Fire Code Official.

In addition, the Fire Code Official may require that individual buildings on the premises be identified in an approved manner.

D. Premises identification-multiple buildings.

An approved identification of multiple buildings within an industrial complex shall be required which clearly indicates each individual building in the complex. Identification shall be placed on each building in a size and location,

when required by the Fire Code Official, and be visible for responding emergency personnel in an approved manner.

E. Address numbers - illumination.

Addressing shall be illuminated at night in all new buildings. Signs shall be internally or externally illuminated. When the luminance or the face of a sign is from an external source, it shall have an intensity of not less than 5.0 foot-candles. Internally illuminated signs shall provide equivalent luminance.

15.20.110 Hazardous materials management plan box

Section 506.3 of the California Fire Code is hereby amended to add the following:

When a business which handles hazardous materials is required to complete a Hazardous Materials Management Plan (HMMP), the Fire Code Official may require the installation of a secured box at the primary facility entrance or the fire control room which contains a copy of the Hazardous Materials Management Plan. This box shall be waterproof and capable of holding the document in a rolled condition without folding. Other characteristics of the box shall be approved by the Fire Code Official.

Businesses which handle acutely hazardous material as defined in Section 25532 of the Health and Safety Code shall install a Hazardous Material Management Plan Box in accordance with this section.

15.20.120 Public safety radio building amplification system.

Chapter 5 (Fire Service Features) of the California Fire Code is hereby amended to add the following:

A. Requirement for approved emergency responder radio coverage in buildings.

All buildings shall have approved indoor radio coverage for emergency responders. Except as otherwise provided, no person shall erect, construct, change the use of or provide an addition of more than 20 percent to, any building or structure or any part thereof, or cause the same to be done which fails to support adequate radio coverage for the City of Lodi radio communications system. Determining the existence of approved radio coverage and the correction of any deficiencies shall be the responsibility of the building owner. Existing buildings, buildings of one or two single family dwellings, or those below minimum areas as determined by the fire code official may be exempted from this requirement by the Fire Code Official.

B. Approved Radio Coverage.

Approved radio coverage shall conform to the current standards of the Lodi Fire Department. These standards shall define the acceptable indoor signal levels to provide 90% reliability of the Lodi Public Safety Radio System inside structures. The fire code official may determine exceptions and additions to these standards as required to protect the integrity of the public safety radio system and provide acceptable signal levels in structures critical to public health and safety.

C. Indoor Public Safety Radio Enhancement Systems.

If required by this code, any indoor public safety radio enhancement system must comply with current standards set by the Lodi Fire Department, and the regulations of the Federal Communications Commission. Systems shall be inspected, maintained, and modified as necessary to provide approved emergency responder radio coverage. If changes in FCC regulations or modifications to the Lodi Public Safety Radio System require modifications to a public safety radio enhancement system, the building owner shall make necessary changes to conform to the existing standard.

15.20.130 Gas Meters - Gas service identification

Section 603.9 of the California Fire Code is hereby amended to add the following:

All buildings providing natural gas service through more than one (1) service meter or through multiple service connections shall have individual gas shutoffs identified in a manner approved by the Fire Chief indicating areas or units served.

15.20.140 Electrical disconnect

Section 605 of the California Fire Code is hereby amended to add the following:

All buildings constructed after July 1, 2005, shall have main electrical shut off accessible to the exterior of the structure. This may be accomplished by placing the shut off on the building exterior, an electrical room with a door leading directly to the exterior or a remote electrical (shunt) switch on the building exterior. Breakaway locks are allowable for security.

15.20.150 System maintenance – fire protection equipment.

Section 901.7 of the California Fire Code is hereby amended to add the following:

All individuals or companies installing, repairing, testing, servicing or maintaining sprinkler systems, fire hydrant systems, standpipes, fire alarm systems, portable fire extinguishes, smoke and heat ventilators, smoke-removal systems and other fire protection or extinguishing systems or appliances shall be a fire protection contractor or contractor licensed for said work by the State of California or have the appropriate license required by the California State Fire Marshal's Office or both.

The authority having jurisdiction shall be notified immediately when a fire protection or detection system or portion thereof is found inoperable.

The authority having jurisdiction shall be notified in writing within 72 hours by the person performing repairs, testing, or maintenance when a fire protection or detection system is not in compliance with applicable codes.

When changes involve shutting off water for a considerable number of sprinklers for more than 4 hours, temporary water supply connections shall be made to sprinkler systems so that reasonable protection can be maintained. Protection shall be restored

each night in so far as possible. The Fire Code Official may require a fire watch while any system is inoperative.

When shorts, failures or other interruptions of service occur within a building's fire alarm system that connects to an approved alarm service provider's Type A (listed) Central Station or is a local alarm only, the Fire Code Official may require the system to be disconnected or shunt out the private fire alarm system and/or circuit. When shorts, failures, or other interruption of service occur within a building's fire alarm system that connects to an approved alarm service provider's Type A (listed) Central Station, the Fire Code Official may require the system to be repaired and written notification to be provided to the Fire Code Official before he or she responds to alarms generated by the system.

Where alarm system(s) are wholly or partially out of service for more than 8 hours, the alarm company having responsibility shall notify the fire dispatch center.

15.20.160 Automatic fire extinguishing systems

Section 903 of the California Fire Code is hereby amended to add the following:

In addition to the requirements specified in Section 903 of the California Fire Code, an automatic sprinkler system shall be installed throughout and maintained in an operable condition regardless of the installation of area separation walls in the following buildings:

- (1) Every building hereafter constructed in which the total floor area is 6,000 square feet or more.
- (2) Every building hereafter constructed of three or more stories as defined in the Uniform Building Code.
- (3) Every building hereafter in which the square footage existing as of September 1, 1997 is increased by 50% and the total square footage of the building exceeds 6,000 square feet.

Exception:

1. Group R, Division 3 occupancies.

15.20.170 Sprinkler coverage identification

Section 903 of the California Fire Code is hereby amended to add the following:

When required by the Fire Code Official, approved signs shall identify the building(s) or portions of building(s) served by a fire department connection and/or riser.

15.20.180 Fire control room

Section 903 of the California Fire Code is hereby amended to add the following:

An approved fire control room shall be provided for all buildings protected by an automatic fire extinguishing system. Existing buildings installing automatic fire

extinguishing system shall have a fire control room added unless approved by the Fire Code Official or his/her designee for good cause. Fire control room shall contain all system control valves, fire alarm control panels and other fire equipment required by the Fire Code Official. Fire control rooms shall be located within the building at a location approved by the Fire Code Official, and shall be provided with a means to access the room directly from the exterior. Durable signage shall be provided on the exterior side of the access door to identify the fire control room.

EXCEPTION: Group R, Division 3 occupancies.

15.20.190 Fire alarm certification

Section 907.15 of the California Fire Code is hereby amended to add the following:

The permittee shall provide a serially numbered certificate from an approved nationally recognized testing laboratory for all required fire alarm systems indicating that the system has been installed in accordance with the approved plans and specifications and meets National Fire Protection Association Standards. Certification shall be required for all new systems to be installed after July 1, 2003. All existing systems must obtain certification in a timely manner, as approved by the Fire Code Official. A copy of the certification shall be provided to the Fire Code Official at no cost.

15.20.200 Open burning - construction sites.

Section 1404.3 of the California Fire Code is hereby amended to add the following:

No fire shall be permitted to burn on any construction site for any purpose. This section is not intended to prohibit the use of devices or tools producing a flame when used in an approved manner and necessary for the construction of the building.

15.20.210 Inside tire storage

Chapter 25 (Tire Rebuilding and Tire Storage) of the California Fire Code is hereby amended to add the following:

Inside tire storage shall be in accordance with the following requirements.

Tires stored on side walls shall not be higher than six feet. Tires stored in a lace pattern shall not be higher than 5 feet. A minimum of 3 feet of clearance from tire storage racks shall be maintained in all directions to roof structure, sprinkler deflectors, unit heaters, supply and return air duct registers, lighting fixtures, electrical outlets or any other producing device. On-tread storage piles, regardless of storage needs, shall not exceed 25 feet in the direction of the wheel holes. On-floor, on-tread storage shall not exceed 5 feet in height. The width of the main aisles between piles shall not be less than 8 feet. Any aisle other than the main aisles shall not be less than 4 feet in width.

Definitions:

On-side storage: Tires stored horizontally or flat.

On-tread storage: Tires stored vertically or on their treads.

Laced storage: Tires stored where the sides of the tires overlap, creating a woven or laced appearance.

15.20.220 Seizure of fireworks

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The Fire Code Official is authorized to seize, take, remove or cause to be removed at the expense of the owner all stocks of fireworks offered or exposed for sale, stored or held in violation of local, state, or federal regulations.

15.20.230 Limits explosive and blasting agents.

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The storage of explosives and blasting agents is prohibited within the City limits, except in areas zoned **M-2** as such zone is defined in the zoning regulations of the City.

15.20.240 Manufacturing of fireworks

Chapter 33 (Explosives and Fireworks) of the California Fire Code is hereby amended to add the following:

The manufacture of fireworks within the limits of the City of Lodi is prohibited.

15.20.250 Locations where aboveground tanks are prohibited – Class I & II liquids

Section 3404.2.9.5.1 of the California Fire Code is hereby amended to read as follows:

Storage of Class I and Class II liquids in aboveground tanks outside of buildings is prohibited within the limits of the City of Lodi, except areas zoned **IP, M-1 and M-2** as such zones are defined in the zoning regulations of the City of Lodi.

15.20.260 Contract inspector

Appendix Chapter 1 – Section 104.7 of the California Fire Code is hereby amended to add the following:

The Fire Code Official may require the owner or the person in possession or control of the building or premise to provide, without charge to the fire department, a special inspector ("Contract Inspector"), when the department requires technical expertise for assistance to conduct the required inspections.

The Contract Inspector shall be a qualified person who shall demonstrate his/her competence to the satisfaction of the Fire Code Official, for inspection of a particular type of construction, operation, fire extinguishing or detection system or process.

Duties and responsibilities of the Contract Inspector shall include but not be limited to the following:

1. The Contract Inspector shall observe the work assigned for conformance with the approved design drawing and specifications.
2. The Contract Inspector shall furnish inspection reports to the Fire Code Official, Building Official and other designated persons as required by the Fire Code Official. All discrepancies shall be brought to the immediate attention of the contractor for correction, then if uncorrected, to the proper design authority, Fire Code Official, and to the building official.
3. The Contract Inspector shall submit a final signed report stating whether the work requiring inspection was, to the best of his/her knowledge, in conformance with the approved plans and specifications and the applicable workmanship provision of this code.

15.20.270 Fire investigators

Appendix Chapter 1 – Section 104.10 of the California Fire Code is hereby amended to add the following:

All sworn members assigned to the Fire Prevention Bureau or Fire Investigation Unit are hereby assigned as Fire Investigators and as such shall enforce the provisions of the California Penal Code as it pertains to fire and arson investigations.

15.20.280 Permit fees

Appendix Chapter 1 – Section 105.1.1 of the California Fire Code is hereby amended to add the following:

The fee for each permit shall be as set forth from time to time by resolution of the Lodi City Council. The City may establish fees sufficient to recover its costs in administering this Code. No permit shall be issued until such fees have been paid, and administrative citations may be issued to persons violating this Code by the persons allowed to issue citations as stated in Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions.

15.20.290 Inspection authorized

Appendix Chapter 1 – Section 105.2.2 of the California Fire Code is hereby amended to read as follows:

Before a new operational permit is approved, the Fire Code Official is authorized to inspect the receptacles, vehicles, buildings, devices, premises, storage spaces or areas to be used to determine compliance with this Code or any operational constraints required. Instances where laws or regulations are enforced by departments other than the fire department, joint approval shall be obtained from all departments concerned.

No final inspection under this Code, as to all or any portion of the development, shall be deemed completed and no certificate of occupancy shall be issued unless and until the requirements imposed by this Code have been completed and the final approval thereof, by the Fire Department, has been given as provided herein and all plan reviews and inspection fees paid.

15.20.300 Revocation

Appendix Chapter 1 – Section 105.5 of the California Fire Code is hereby amended to add the following:

The Fire Code Official further shall have the power to revoke, suspend, or deny the granting of any permit required pursuant to the provision of this Code for any of the following reasons:

- (a) When deemed necessary for the protection of life, limb, or property; or
- (b) For changing the occupancy, equipment, materials, processes, or other conditions in such a manner as to create a greater danger of fire or explosion or less protection than was present at the time of the issuance of such permits.

15.20.310 Permits required

Appendix Chapter 1 – Section 105.6 of the California Fire Code is hereby amended to add the following:

Christmas Tree Lots. A permit issued by the Fire Code Official is required to operate a Christmas Tree Lot with or without flame proofing services.

Haunted Houses. A permit issued by the Fire Code Official is required to operate a temporary or permanent haunted house.

Special Events. A permit issued by the Fire Code Official is required to conduct a special event that is not otherwise listed in this Code and in the opinion of the Fire Code Official or his or her designee poses a fire or life safety concern to the public.

15.20.320 Administrative costs - Inspections.

Appendix Chapter 1 – Section 106.2 of the California Fire Code is hereby amended to add the following:

When a test or inspection is scheduled and the contractor fails to perform to the satisfaction of the authority having jurisdiction, the authority having jurisdiction may bill the contractor for actual time spent traveling to and from the test/inspection location and the time spent at the test/inspection site as well as administrative costs.

15.20.330 Administrative enforcement provisions

Appendix Chapter 1 – Section 109.2 and 109.3 of the California Fire Code is hereby amended to read as follows:

Notices of violation, citation or penalties shall comply with Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions with the following terminology changes or deletions wherever stated in Chapter 1.10.

- (a) Whenever the word “Community Improvement Officer” is used, it shall mean the Fire Code Official.
- (b) Whenever the word “Department of Public Safety” is used, it shall mean the Lodi Fire Department.
- (c) Whenever the word “Community Development Director” or “Director” is used, it shall mean the Fire Chief or his designee.
- (d) Whenever the word “Uniform Codes” is used, it shall mean the International Codes.
- (e) Section 1.11.260E is not applicable to the provisions of this chapter, (Community Awareness and Responsibility Education Classes) as it pertains to residential dwellings.

15.20.340 Abatement of hazard by fire code official

Appendix Chapter 1 – Section 109 of the California Fire Code is hereby amended to add the following:

If any person fails to comply with the orders of the Fire Code Official, or if the Fire Code Official is unable to locate the owner, operator, occupant or other person responsible within a reasonable time, the Fire Code Official or his or her authorized representative may take such steps as are necessary to abate the hazard for the protection of the public health and safety. No event notice is necessary before abatement, when the hazard is a clear and present danger to the public welfare. All costs related to such abatement shall become a lien or special assessment on the subject property.

15.20.350 Structural fires.

Appendix Chapter 1 – Section 110 of the California Fire Code is hereby amended to add the following:

The Chief Officer at the scene shall attempt to notify all occupants or owners of structures, which have suffered damage by fire, that such structures or buildings must be inspected before any repairs thereof are made. A permit covering the structural, electrical and plumbing repairs shall be obtained from the City of Lodi Community Development Department. The Chief Officer shall report all such structural fires to the Chief Building Official or his/her designee within twenty-four hours after the occurrence of such fire.

15.20.360 Failure to comply

Appendix Chapter 1 – Section 111.4 of the California Fire Code is hereby amended to read as follows:

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable to a fine of not less than that stated in Lodi Municipal Code – Chapter 1.10 – Administrative Enforcement Provisions.

**15.20.370 Appendix C - Section C105.1
amended – Distribution of fire hydrants**

Appendix C – Section C105.1 of the California Fire Code is hereby amended to read as follows:

Private fire hydrants and public off site fire hydrants shall be spaced with the maximum distances as specified by Table 2.

Table 2	
Zoning Type	Maximum Spacing
Commercial, high density, industrial or high-value	300 feet
Low Density Residential	500 feet
Residential Reverse Frontage	1000 feet

Hydrants shall be required on both sides of the street whenever one or more of the following conditions exist:

1. Streets have median center dividers that make access to hydrants difficult, cause time delays, or create undue hazard or both.
2. On major arterials when there is more than four lanes of traffic.
3. Width of street in excess of 88 feet.
4. The existing street being widened or having a raised median center divider in the future pursuant to the General Plan Roadway Improvements Plans for the City of Lodi.

15.20.380 Changes or modifications

In accordance with Health and Safety Code Section 17958.5, the adoption of amendments more restrictive than the requirements contained in the provisions published in the California Building Standard Code, are needed because of local conditions, as specified below:

(A) Climatic

(1) Conditions

Precipitation averages 18 inches per year, and can reach as high as 35 inches per year. Virtually all of the rain occurs during the months of October through April. The remaining months receive little or no rain. Temperatures during the summer months can reach as high as 110 and City of Lodi averages 19 days over 100 each year. Relative humidity during these summer months is very low. Lodi averages 34 days of dense fog per year, and has had as many as 64 foggy days.

(2) Impacts

The generally dry, hot summer months create extreme fire conditions. Adding to this situation is the dryness and combustibility of many structures during the summer, especially true of structures with wood siding and roofs constructed of wood shakes and shingles. The cyclical uncertainty that allow weather events can cause rapid melting of the snow pack which causes flood potential in areas surrounding the Mokelumne River. The foggy conditions can inhibit the dispatch and timeliness of emergency equipment reaching the site of a fire. During foggy periods it is common place for visibility to be near zero, which results in emergency equipment having to decrease their speed to less than 25 miles per hour.

(B) Geographic

(1) Conditions

The City of Lodi is subject to ground tremors from seismic events as the County is in seismic Zone 3. The Mokelumne River, which borders the northern city limits, is subjected to flood potential and its levies are subject to failure from seismic activity or high water.

(2) Impacts

The geologic conditions in San Joaquin County in general, and the City of Lodi, in particular, have the potential of restricting access to structures, especially in remote or isolated areas. A moderate earthquake or extended periods of rain can impact local access roads.

(C) Topographic

(1) Conditions

The City of Lodi consists mainly of the San Joaquin Valley floor. The valley floor is typically flat land area bisected by intermittent and year round stream and river systems. Much of the valley floor is irrigated agriculture. Low land areas protected by a complex and extensive levee system characterize the Delta area. Union Pacific Railroad Tracks bisect the eastern and western portions of Lodi as well as Highway 99 creating traffic congestion and emergency response delays.

(2) Impacts

The valley floor is frequently subject to both general and localized flooding. Because the area is so flat and low, it is not unusual for local drainage systems to be inadequate during heavy rain periods. This condition can isolate areas where roads are flooded and thereby block access. With the OSHA "two-in two-out" rule requiring two fire fighters ready to make attack only when two others are present, the potential delay in east-west response increases the risk to firefighter and the public.

While it is clearly understood that the adoption of such amendments may not prevent the incidence of fire, the implementation of these various amendments to the code attempt to reduce the severity and potential loss of life, property and protection of the environment.

Section 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed insofar as such conflict may exist.

Section 4. That if any section, subsection, sentence, clause or phrase of this ordinance is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The City of Lodi hereby declares that it would have passed this ordinance, and each section, subsection, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses and phrases be declared unconstitutional.

Section 5. That nothing in this ordinance or in the Fire Code hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 4 of this ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this ordinance.

Section 6. That the City Clerk is hereby ordered and directed to cause this ordinance to be published. This ordinance shall be published one time in "Lodi News Sentinel," a newspaper of general circulation printed and published in the City of Lodi.

Section 7. That this ordinance and the rules, regulations, provisions, requirements, orders and matters established and adopted hereby shall take effect January 1, 2008, a date which is at least thirty (30) days after passage of this ordinance.

Approved this _____ day of _____, 2007

Bob Johnson
Mayor

Attest:

Randi Johl
City Clerk

State of California
County of San Joaquin, ss.

I, Randi Johl, City Clerk of the City of Lodi, do hereby certify that Ordinance No. _____ was introduced at a regular meeting of the City Council of the City of Lodi held October 17, 2007, and was thereafter passed, adopted and ordered to print at a regular meeting of said Council held _____, by the following vote:

Ayes: Council Members –

Noes: Council Members –

Absent: Council Members –

Abstain: Council Members –

I further certify that Ordinance No. _____ was approved and signed by the Mayor on the date of its passage and the same has been published pursuant to law.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on **Wednesday, October 17, 2007**, at the hour of 7:00 p.m., or as soon thereafter as the matter may be heard, the City Council will conduct a public hearing at the Carnegie Forum, 305 West Pine Street, Lodi, to consider approval of the following item:

- a) **Adoption of the 2007 California Building Code, Mechanical Code, Electrical Code, Plumbing Code, and Fire Code with local amendments and revise Building Permit Fee Schedule 1A, along with fee increases for building, mechanical, plumbing, and electrical permits.**

Information regarding the 2007 California Building Code, Mechanical Code, Electrical Code, and Plumbing Code may be obtained in the Community Development Department, 221 West Pine Street, Lodi, (209) 333-6711. Information pertaining to the Fire Code may be obtained in the Fire Department, 25 E. Pine Street, (209) 333-6735. All interested persons are invited to present their views and comments on this matter. Written statements may be filed with the City Clerk, City Hall, 221 West Pine Street, 2nd Floor, Lodi, 95240, at any time prior to the hearing scheduled herein, and oral statements may be made at said hearing.

If you challenge the subject matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice or in written correspondence delivered to the City Clerk, 221 West Pine Street, at or prior to the close of the public hearing.

By Order of the Lodi City Council:

Randi Johl
City Clerk

Dated: October 3, 2007

Approved as to form:

D. Stephen Schwabauer
City Attorney
